Make-A-Wish switzerland

INDIVIDUALS OR GROUPS

If you are an individual, a club or a school and wish to commit to a child-related cause, think of the MAKE-A-WISH FOUNDATION !

Who we are

Make-A-Wish Switzerland was founded in the summer of 2003. We are a Swiss foundation that is financially and legally independent, supervised by the Federal Department of Home Affairs. We are a small team based in Nyon, surrounded by a solid team of 50 volunteers throughout Switzerland.

We finance our work through individual and corporate donations, corporate partnerships, various events and support from associations, service clubs, and schools. The Foundation also relies on in-kind contributions (goods and services) to support our wishes.

What we do

Make-A-Wish Switzerland grants the most heartfelt wishes that change the lives of children living with a serious medical condition. A child's life shouldn't be about illness, hospitals and diagnosis, but it should be about wonder, joy and hope.

Sometimes, when you are really not well, your dreams become even more important than ever. At Make-A-Wish we work to make these dreams come true for children who have been robbed of their right to a carefree childhood.

We ensure that every wish kid, accompanied by their family, experiences the most magical of moments, because, as the author Cesar Pavese wrote, "We do not remember days, we remember moments".

Make-A-Wish is all about providing unique and treasured moments to very sick children. Moments that will allow them to forget their illness for a while and provide them with beautiful and cherished memories.

Getting tips from Roger Federer, panning for gold, flying over the Alps in a helicopter, seeing the sea for the first time, meeting a celebrity hero, being a chef for a day, or meeting a Nobel physicist at Cern; our wishes are unique and, most importantly, magical.

We work closely with doctors and healthcare professionals throughout Switzerland who refer the children to us.

We know the impact that wishes can have, and this is the driving force behind why we continue to do what we do to reach out to more and more sick children in Switzerland.
