

A look back at 2023 and best wishes for 2024

Dear Friends of Make-A-Wish Switzerland & Liechtenstein,

We wish you all a happy, bright and magical 2024, bringing health, happiness and serenity to you and your loved ones.

The year 2023 is now behind us, and we would like to express our most sincere gratitude to you for having been by our side.

Each of you has contributed, in your own way, to bringing happiness, courage and hope to children and their families faced with serious illnesses and long and arduous periods of treatment.

Together, we carried out some wonderful projects last year. In total, **58 wishes** were granted in full, based on the "Wish Journey" principle, making a direct impact on 58 children and their families - nearly **250 people** in all.

Our support for these children and their families complements medical treatment, but also provides the emotional well-being needed on the road to recovery.

As part of this "Wish Journey", our team and volunteers visited these families to get to know the child and his or her interests better, so that we could then create a wish tailored specifically to them. During the preparation and anticipation of the wish, exchanges and interactions took place between us and the families, and activities/events were organised to help them stay engaged until the wish came true. After the realization of the wish, the whole family experienced moments of intense happiness, felt positive emotions and a breath of fresh air, and magical memories were created.

We would like to share these wonderful projects with you and invite you to watch the short video containing extracts from some of the wishes granted in 2023.

***THANK YOU** for supporting our foundation and taking an interest in our mission. Thanks to you, we've been able to bring the magic that every child going through such difficult times needs.*

Please take care of yourselves,

Your Make-A-Wish
